

CARRYING THE VISION

Navigating the tricky course of the Voluntary and Not for Profit sector

ADULLAM ANNUAL LECTURE - 2004

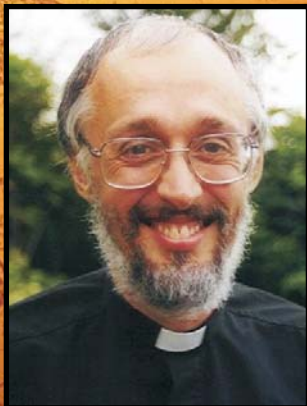

Tuesday, 16th March

Keele Hall, Keele University, Staffordshire.

**Adullam Homes Housing Association
presents its Annual Lecture for 2004.**

We are pleased to welcome the Bishop of Dudley, the Rt. Rev. David Walker to deliver this year's lecture.

“CARRYING THE VISION”: Taking the particular example of the Housing sector, and looking at Christian based organisations operating within it we will explore the difference that a clear ethos can make; how to maintain, rekindle and strengthen it; and the proper expectations that can be held before public and other partners. We will look at both examples and current trends in legislation, regulation and practice.
